Brothers in Christ, Danny & Terri, thank you very much for your encouragements, and your prayers. Thank you also for sending our prayer request to brethren around the world. Rejoice is now improving and we are out of hospital, although he continues on medication, but today he is in school again, so let us rejoice and thank God together for this special healing of our son. God bless you too. Pastors Phillip & Kissa Mahali.

Brothers in Christ Danny & Terri, my mission team and I are involved in the Cape Coast crusade. Our hope is to plant a branch of the Cross Ministries there. We are starting to day, 21th Feb, and by the grace of God we will finish on 28th Feb. We need your prayers especially this week as it is our first time in Cape Coast. Pastor Mercy sends her greetings. Love, your son, Pastor John Boateng.

19th Feb 2011, India

Brothers Danny & Terri, yesterday we conducted a big gospel meeting successfully, with nearly 3,000 people attending. Our God helped us in this, and many people accepted our Lord Jesus Christ as their personal Saviour. We were so happy for this meeting, and we distributed nearly 10,000 Telugu tracts at it and in the surrounding area. Our linked pastors took part in this. Pastor Ephraim Penumala.

17th Feb 2011, India

My dear brothers, we received the funds for tract printing and I immediately went to our printer and told him of our urgent need for 30,000 Telugu tracts and I payed him the money. He stopped all his work and printed our tracts, promising me that he would have them ready by 9pm. Today we start distributing them in our meeting. Pastor Ephraim Penumala.

We would ask everyone who reads this if they would please pray for Pastors Phillip and Kissa Mahali. Their son, Rejoice, has been very sick for some time and has had to be taken to the

main hospital in Dar es Salaam for urgent treatment, a distance of aprox 800km. More just as soon as we know anything.
