Hello dad and mum, we are going to have two weeks of evangelism in ABOT, which is another branch of CROSS MINISTRIES. I am leading the mission team, and we will be having two types of program. First, one to one evangelism in the mornings, then outhdoor crusades in the evenings. We need tracts to enable us to go through this program successfully. We would like to start on the 17th Oct 2010, but we need tracts before we leave. I pray that our Provider will make funds available for this. We are counting on your support. Son, John Boateng. {See OUTREACH REPORTS for more details}

This mail just arrived from Tanzania;

Dear brothers Danny & Terri, the student fellowship (Tanzanian youth) have concluded their missions, which took one month. Last Sunday they came to our church meeting to thank us. They give us the following testimonies; 82 students got saved, this number was made up of 30 boys and 52 girls. The same day, after the service, I baptised 10 students. (This is wonderful) I am hoping they will contact you and give you their personal testimonies. Your sons, Pastors Phillip & Kissa Mahali.
